PREFACE	page	6
ACKNOWLEDGEMENTS	page	8
What Is FAMILY SCIENCE?	page	12
CHAPTER 1: AT HOME WITH SCIENCE		
A Learning Environment for Sciencepage	17
Safe Learningpage	20
CHAPTER 2: OPENERS		
Move Itpage	24
Simple Workpage	26
Attractionpage	28
Vibrationspage	30
Going Downpage	32
Air Liftpage	34
Time To Learnpage	36
Balanced Bodiespage	38
Moving Waterpage	39
Wet And Drypage	40
Wet Surfacespage	41
Stopperspage	42
Great Openingspage	44
Challenging Structurespage	45
CHAPTER 3: SCIENCE AT WORK		
Drawing From Experiencepage	49
Triospage	51
Who's in Your Tree?page	54
Double or Dividepage	56
Bridgespage	58
Charting the Futurepage	60
Meeting Career Role Modelspage	64
Question Markspage	70
Who is Telling the Truth?page	72
Tool Cluespage	74
Family Science Field Tripspage	76

CHAPTER 4: USING THE LANGUAGE OF SCIENCE

Making and Using a Science Journal	page	81
Natural Guesses	page	83
Question Quilt	page	86
Evidence, Please	page	89
Volley	page	91
Crystal Packages	page	93
Word Factory	page	97
Word Shuffle	page	105
Science Fictionary	page	106
Details	page	109

CHAPTER 5: OBSERVING YOUR WORLD

Observation Series	page	113
Looking Through a Water Drop	page	116
Will it Grow?	page	118
Web Building	page	121
Map Habitats	page	124
Earful	page	128

CHAPTER 6: THE PHYSICAL WORLD

Tube Planetarium	page	133
Bubble Windows	page	136
Common Properties	page	139
Charge It	page	143
What Would Happen If...	page	145

CHAPTER 7: DESIGN AND TECHNOLOGY

Bubble Construction	page	149
Stretching the Limits	page	152
Balloon Rocket Enterprise	page	156
293	page	159
Chute	page	161

CHAPTER 8: ORGANIZING A FAMILY SCIENCE EVENT

Resources And Funding	page	166
Reaching Your Audience	page	167
Publicizing A FAMILY SCIENCE Event	page	169
The FAMILY SCIENCE Event	page	174
Getting Ready Checklist	page	190

APPENDIX

Science Learning for Everyone	page	193
FAMILY SCIENCE and the National Science Education Standards	page	195
Resources	page	197
